Partnering With IFAS

SUPPORTING YOUR PRACTICE
EVERY STEP OF THE WAY

- **FOCUS ON PATIENTS**

We handle administrative tasks so your staff can deliver exceptional care.

- **LEVERAGE A LARGER NETWORK**

Shared services and enterprise vendor relationships streamline operations and reduce costs.

- **GROW WITH CONFIDENCE**

Market-competitive, performance-based compensation for doctors and associates.

YOUR FOCUS IS PATIENTS, OURS IS YOUR SUCCESS

A Strategic Advisory Board will guide clinical operations, ensuring every patient receives the highest quality of care by:

Providing oversight and recommendations on our product vendors, compliance program, denial trending, and market analysis

Gathering feedback from both internal and external resources to build out programs at the physician and staff level to meet the needs of the business and patient base

Ensuring our relationships with local practitioners and healthcare organizations are healthy and optimized

IFAS Vision

TO MANAGE AND DELIVER FOOT AND ANKLE CARE
TO KEEP OUR PATIENTS WALKING

“

Who We Are

Integrated Foot and Ankle Specialists deliver advanced medical and surgical care with compassion and technology. Our fellowship-trained specialists provide personalized treatment plans—non-surgical and surgical—that restore function, improve aesthetics, and set the standard for expert foot and ankle care

”

Supporting your practice
every step of the way

What We Do

Integrated Foot and Ankle Specialists combine top-tier techniques to provide unmatched care for lower extremities. We offer medical and surgical excellence with compassionate service and state-of-the-art technology.

Our specialists collaborate on customized recovery options, offering both non-surgical and surgical treatments that enhance function and aesthetics. This integrated approach outperforms fragmented care from multiple providers.

Our personalized care and advanced techniques make us trusted foot and ankle experts. As the region's first specialized practice, we lead the field, with many of our physicians fellowship-trained in advanced foot and ankle techniques.
